MEMORANDUM FOR THE RECORD

SUBJECT: Possible Contact with the Atomic Energy Commission

STATINTL

      1. ███████████████ a contract consultant to PSS, informed me today that one of his recent activities involves consultative service as a member of the Personnel Assurance Program Committee for the U. S. Atomic Energy Commission.

STATINTL As explained by ███████ this is a group chosen from various fields to give advice and recommendations to the AEC relative to the security and safety of their operations from the standpoint of the stability and dependability of their people in sensitive positions. This is the counterpart of what the military services refer to as the "human reliability" area.

      2. The members of the Personnel Assurance Program (PAP) Committee are:

      Dr. James H. Sterner (Chairman)
      University of Texas School of Public Health
      P. O. Box 20186
      Houston, Texas   77025

      Dr. Douglas D. Bond
      Department of Psychiatry
      University Hospitals of Cleveland
      2040 Abington Road
      Cleveland, Ohio   44106

      Dr. William R. Albers
      Division of Operational Safety
      U. S. Atomic Energy Commission
      Washington, D. C.   20545

      Dr. Clayton S. White
      President and Scientific Director
      Oklahoma Medical Research Foundation
      825 N.E. 13th Street
      Oklahoma City, Oklahoma   73104

Lt. Col. Ray Loiselle
Division of Military Application
U. S. Atomic Energy Commission
Washington, D. C. 20545

STATINTL   3. ▮▮▮▮▮ feels that this group could profit from the Agency experience in selecting people for sensitive positions and would like to arrange some interchange with appropriate Agency officials. I suggested that his group make an official request to the DCI for the type of information sought. If approved, I would envision discussions on general methodology and approach to selection with representatives of the Offices of Personnel, Security, and Medical Services.
